About This Walkthrough

This document walks through the RentalPro web interface screen by screen, for each of its five user roles. It covers 30 screens in all. Each page gives the screen's purpose, the main actions available on it, and a screenshot.

The screenshots come from the finished application running locally with its built-in demo data. The demo data is two properties with six units, a tenant with an active lease, a payment and a maintenance ticket. To show the billing features, a few further entries were added through the application's own forms: two lease charges, two electricity meter readings, a rent revision and two property expenses. Rent invoices were generated by running the scheduled billing job once.

Roles and Access

Role	Home screen	Can access
Property Owner	Portfolio Dashboard	All back-office areas, including creating properties
Property Manager	Portfolio Dashboard	Properties, tenants and leases, rent and billing, maintenance, reports, staff accounts
Admin	Portfolio Dashboard	All back-office areas, plus user and role management
Maintenance Staff	My Work Queue	Only the maintenance tickets assigned to them
Tenant	Tenant Dashboard	Their own lease: online rent payment, payment history, statement, maintenance requests

Demo Accounts Used

Role	Account
Admin	Amir Admin (admin@rentalpro.com)
Property Owner	Olivia Owner (owner@rentalpro.com)
Property Manager	Marco Manager (manager@rentalpro.com)
Maintenance Staff	Sam Staff (staff@rentalpro.com)
Tenant	Tara Tenant (tenant1@email.com)

Signing In

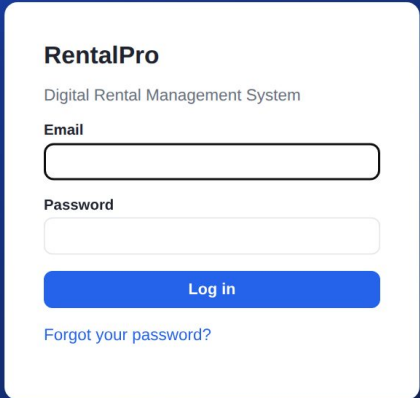

Every user signs in on the same page. After sign-in, RentalPro routes each person to the home screen for their role: the back office for owners, managers and admins, the work queue for maintenance staff, and the self-service portal for tenants.

1. Log In

Role: Public (signed out) | **Page:** /login

The sign-in page for all five roles. Users enter their email address and password. After five failed attempts in a row, the account is locked for 15 minutes.

- Sign in with email and password
- Open the password-reset flow through *Forgot your password?*

The image shows a login form for the RentalPro system. The form is centered on a dark blue gradient background. It has a white background with rounded corners. At the top, it says "RentalPro" in bold, followed by "Digital Rental Management System" in a smaller font. Below this are two input fields: "Email" and "Password". The "Email" field is a simple text box, and the "Password" field is a text box with a small eye icon on the right side to toggle visibility. Below the password field is a blue button with the text "Log in". At the bottom of the form, there is a link that says "Forgot your password?".

RentalPro
Digital Rental Management System

Email

Password

Log in

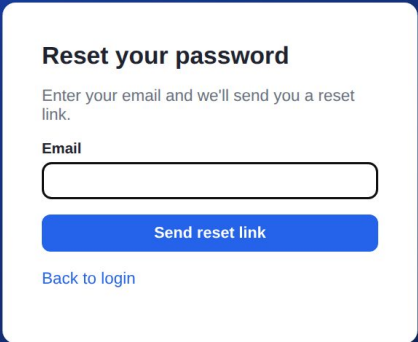

[Forgot your password?](#)

2. Reset Password

Role: Public (signed out) | **Page:** /forgot-password

The user enters their email address, and RentalPro emails them a single-use link to choose a new password.

- Request a reset link
- Return to the login page

A screenshot of a web form titled "Reset your password" centered on a dark blue gradient background. The form is a white rounded rectangle. It contains the following elements: the title "Reset your password" in bold; a subtext "Enter your email and we'll send you a reset link."; a label "Email" above a text input field; a blue button labeled "Send reset link"; and a link "Back to login" at the bottom.

Reset your password

Enter your email and we'll send you a reset link.

Email

[Send reset link](#)

[Back to login](#)

Property Manager

The Property Manager runs the day-to-day operation: units, tenants and leases, rent collection and billing, maintenance, and reporting. These screens make up most of the back office.

3. Portfolio Dashboard

Role: Property Manager | Page: /dashboard

The manager's home screen. Four headline figures summarize the portfolio: total units, occupancy rate, rent collected and outstanding balance. Below them are leases that expire within 30 days, open maintenance requests, and each property with its occupancy.

- Open a maintenance ticket or a property directly
- Use the sidebar to reach every back-office area

NAME	CODE	OCCUPANCY
Sunrise Apartments	PROP-1CA6	25.0%
Downtown Retail Row	PROP-57AC	0.0%

4. Properties

Role: Property Manager | **Page:** /properties

Each property appears as a card showing its generated property code, type, address, occupancy and status.

- Open a property to manage its units and expenses

The screenshot displays the 'Properties' section of the RentalPro application. On the left is a dark sidebar with the 'RentalPro' logo and a 'PROPERTY MANAGER' role indicator. Below this, a list of navigation items includes 'Dashboard', 'Properties' (which is highlighted), 'Tenants', 'Rent Tracker', 'Maintenance', 'Reports', and '+ Add Staff'. The main content area at the top shows the user 'Marco Manager' with email 'manager@rentalpro.com' and a 'Log out' button. The title 'Properties' is centered above a grid of two property cards. The first card, 'Downtown Retail Row', is marked 'ACTIVE' and shows details: 'PROP-57AC · COMMERCIAL', '45 Market Ave, Dubai, UAE', and 'Occupancy: 0.0%'. The second card, 'Sunrise Apartments', is also 'ACTIVE' and shows: 'PROP-1CA6 · RESIDENTIAL', '12 Palm Street, Dubai, UAE', and 'Occupancy: 25.0%'.

Property Name	Status	Property Code	Type	Address	Occupancy
Downtown Retail Row	ACTIVE	PROP-57AC	COMMERCIAL	45 Market Ave, Dubai, UAE	0.0%
Sunrise Apartments	ACTIVE	PROP-1CA6	RESIDENTIAL	12 Palm Street, Dubai, UAE	25.0%

5. Property Detail

Role: Property Manager | **Page:** /properties/5b959294-3922-4b4d-992a-13e6de75cdc9

Everything about one property on a single page. It shows unit counts and occupancy, and the unit list gives each unit's type, rent and status. The page also has the property's operating expenses, such as tax and insurance, which feed into net-income reporting.

- Edit the property, add a unit, or archive the property
- Edit a unit, view its tenant, or invite or create a tenant for a vacant unit
- Record an operating expense by category, amount and date

11. Upload Lease

Role: Property Manager | **Page:** /tenants/79aa0fbd-ed3f-4ca7-8eee-b95ab1b368fc/upload-lease

Creates and activates a lease. The manager picks a vacant unit and sets the lease dates, monthly rent, security deposit and rent due day, then attaches the signed lease as a PDF. An option pro-rates the first month's rent when the tenant moves in after the 1st.

- Save and activate the lease

Receipt

15. Rent Statement and Billing

Role: Property Manager | **Page:** /rent/23e0cccc-cb07-46f6-b376-485c1d5eb880/statement

The full financial picture for one lease. It lists payments and totals rent due, charges, amount paid and balance, and can be filtered to any date range. From here the manager also runs the lease's billing: operational and sundry charges, electricity meter readings (consumption is billed automatically at the property's rate), rent revisions for escalations, and the invoices the daily billing job generates.

- Filter the statement to a period, and download it as a PDF
- Add an operational or sundry charge
- Record a meter reading, which bills the consumption since the last reading
- Schedule a rent revision with an effective date and reason

RentalPro - User Interface Walkthrough

Page 29

Tenant Self-Service Portal

Tenants get a separate portal. From it they can pay rent online, see their payments and statement, and report maintenance issues.

26. Tenant Dashboard

Role: Tenant | Page: /portal

The tenant's home screen shows their unit, monthly rent and balance due, their recent payments, and their maintenance requests.

- Pay rent now
- View the full account statement
- Submit a new maintenance request

27. Pay Rent

Role: Tenant | **Page:** /portal/pay

Shows the amount due. *Pay Now* sends the tenant to a secure Stripe checkout. When the payment succeeds, it is recorded against the lease automatically and a receipt is issued.

- Pay the outstanding balance online

28. Payment History

Role: Tenant | **Page:** /portal/history

Every payment the tenant has made, with receipt numbers.

- Download a receipt
- Open the full account statement
- Export as CSV

29. Account Statement (Tenant View)

Role: Tenant | **Page:** /rent/23e0cccc-cb07-46f6-b376-485c1d5eb880/statement

The tenant sees the same statement as the manager, including charges, meter readings and rent revisions, but read-only: the forms for adding charges, readings and revisions are hidden.

- Filter the statement to a period
- Download the statement as a PDF
