

RentalPro

Latest UI Walkthrough

Covers the newest UI changes: the full-page photo login with a translucent card, the softer horizontal top navigation, and the property map feature. Screenshots were taken live from the running app for every role (Admin, Property Owner/Manager, Maintenance Staff, Tenant).

Home / Login

A city skyline photo fills the whole page, with the RentalPro name top-left and a translucent login card in the centre.

Portfolio Dashboard (Admin)

Landing screen after login. A horizontal top bar with a soft blue-to-burgundy gradient holds the brand, role badge, tabs, and account controls in one row.

Properties Map

New portfolio-wide map view (/properties/map) plotting every located property with popups linking back to its detail page.

The screenshot displays the 'Properties Map' section of the RentalPro application. At the top, a dark purple navigation bar contains the 'RentalPro' logo, an 'ADMIN' button, and several menu items: Dashboard, Properties, Map, Tenants, Rent Tracker, Maintenance, Reports, + Add Staff, and Manage Users. On the right side of this bar, it shows the user's name 'Amir Admin', their email 'admin@rentalpro.com', and a 'Log out' button. Below the navigation bar, the main area has a light gray background. The title 'Properties Map' is positioned on the left in a large, bold, black font. To its right is a white button labeled 'List View'. The central feature is a map placeholder with a light gray background. In the top-left corner of the map area, there are two small white boxes containing '+' and '-' symbols for zooming. Two blue location pins are visible on the map: one in the lower-left quadrant and another in the upper-right quadrant. In the bottom-right corner of the map area, there is a small attribution text: 'Leaflet | © OpenStreetMap contributors'.

Add Property — Map Picker

Click-to-pin map picker on the Add/Edit Property form; coordinates can also be typed directly, with a Clear location option.
